# “Why do I need a teacher when I have Google?”

An interesting question! Thoughts?

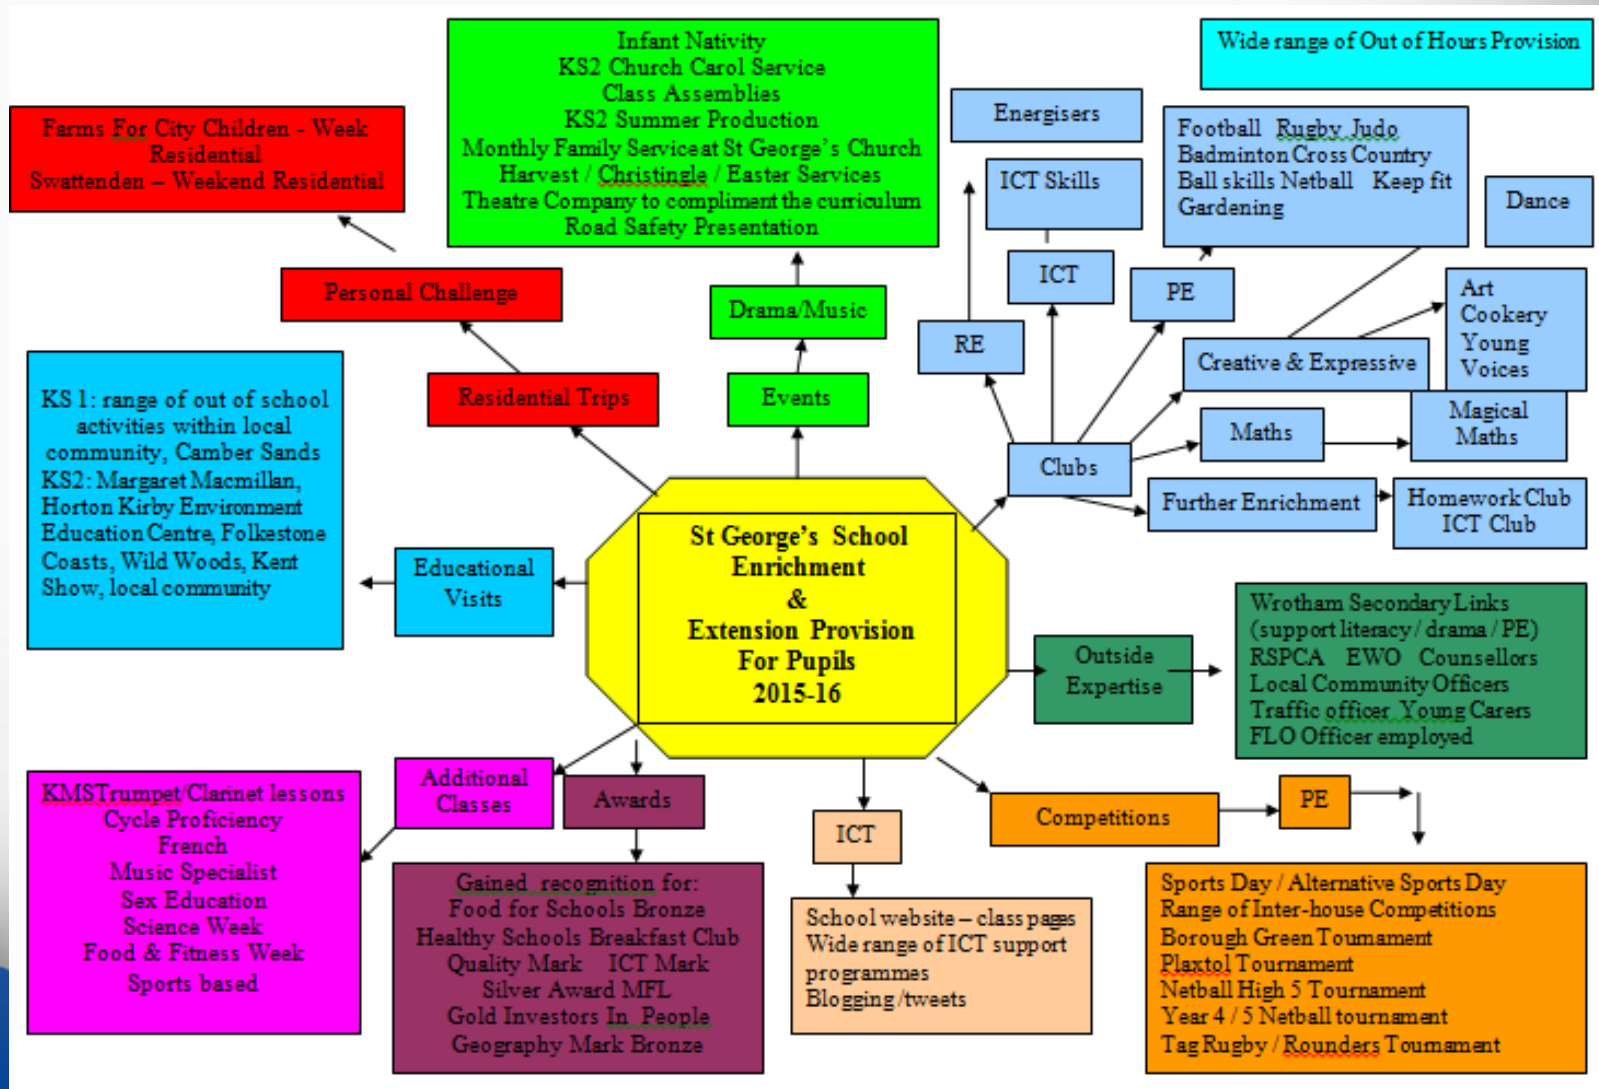

Get someone to scribe onto sheet that has this question on

# How do we contribute to children's well-being (happiness)?

- Think about this as
  - (a) Class teachers – split into to groups have 3 minutes to scribe ideas (big paper and pens)
  - (b) Subject leaders (on big paper with different coloured pen)

# How we contribute!

# Bringing Learning Alive

- Go back to the question about Google
- How can we bring curriculum learning alive?
- What difficulties/barriers do Educational Visits present?

(Add post-its to the poster)

# Guide To Educational Visits

Current E-Go Approval System is being phased out and replaced come January 2017 with EVOLVE.

What does this mean for us?

EVOLVE is an internal school system for schools to plan and record educational visits.

In view of this I have revised our procedures to try and minimise impact...

# New Procedures

- Current EVC Policy 2016 will be amended from January 2017
- What do we do in the meantime?

To be in line with new procedures I've collated handout to support Educational Visit planning (see handout)

# Sir John James – The Passion

Video clip:

<https://www.youtube.com/watch?v=gTKvlyEkCOU>

Children may not remember what you taught them but they will never forget the way you make them feel!

Any education that doesn't communicate joy, wonder, amazement, fascination and delight has failed.

I believe if I can't I won't,  
if I can I will!

We want teachers to give children passion, warmth, time and relentlessly pursue excellence.
